**Robotic Bebop:
The Metallic Maniac**

Frustrated by the constant incompetence of regular ol' Bebop, Shredder developed a robotic version of the winsome warthog and appropriately dubbed him, Robotic Bebop. Now this colossal can of nuts and bolts is a mechanized menacing monster--and the Turtles are already tired of contending with this humongous hunk of junk. Suited up with the finest grade titanium and equipped with atypical fiendish weaponry, Robotic Bebop means black 'n blue business. And when he wants to just have fun with his Turtle prey, he'll get 'em in the clutches of his menacing mechanical Mutant claw and tickle away. Turtles take cover--it's Robotic Bebop; he's metal, he meddles and he's mental, totally!
