

TEENAGE MUTANT NINJA TURTLES

Kids,
follow these
simple blueprints,
it's easy!

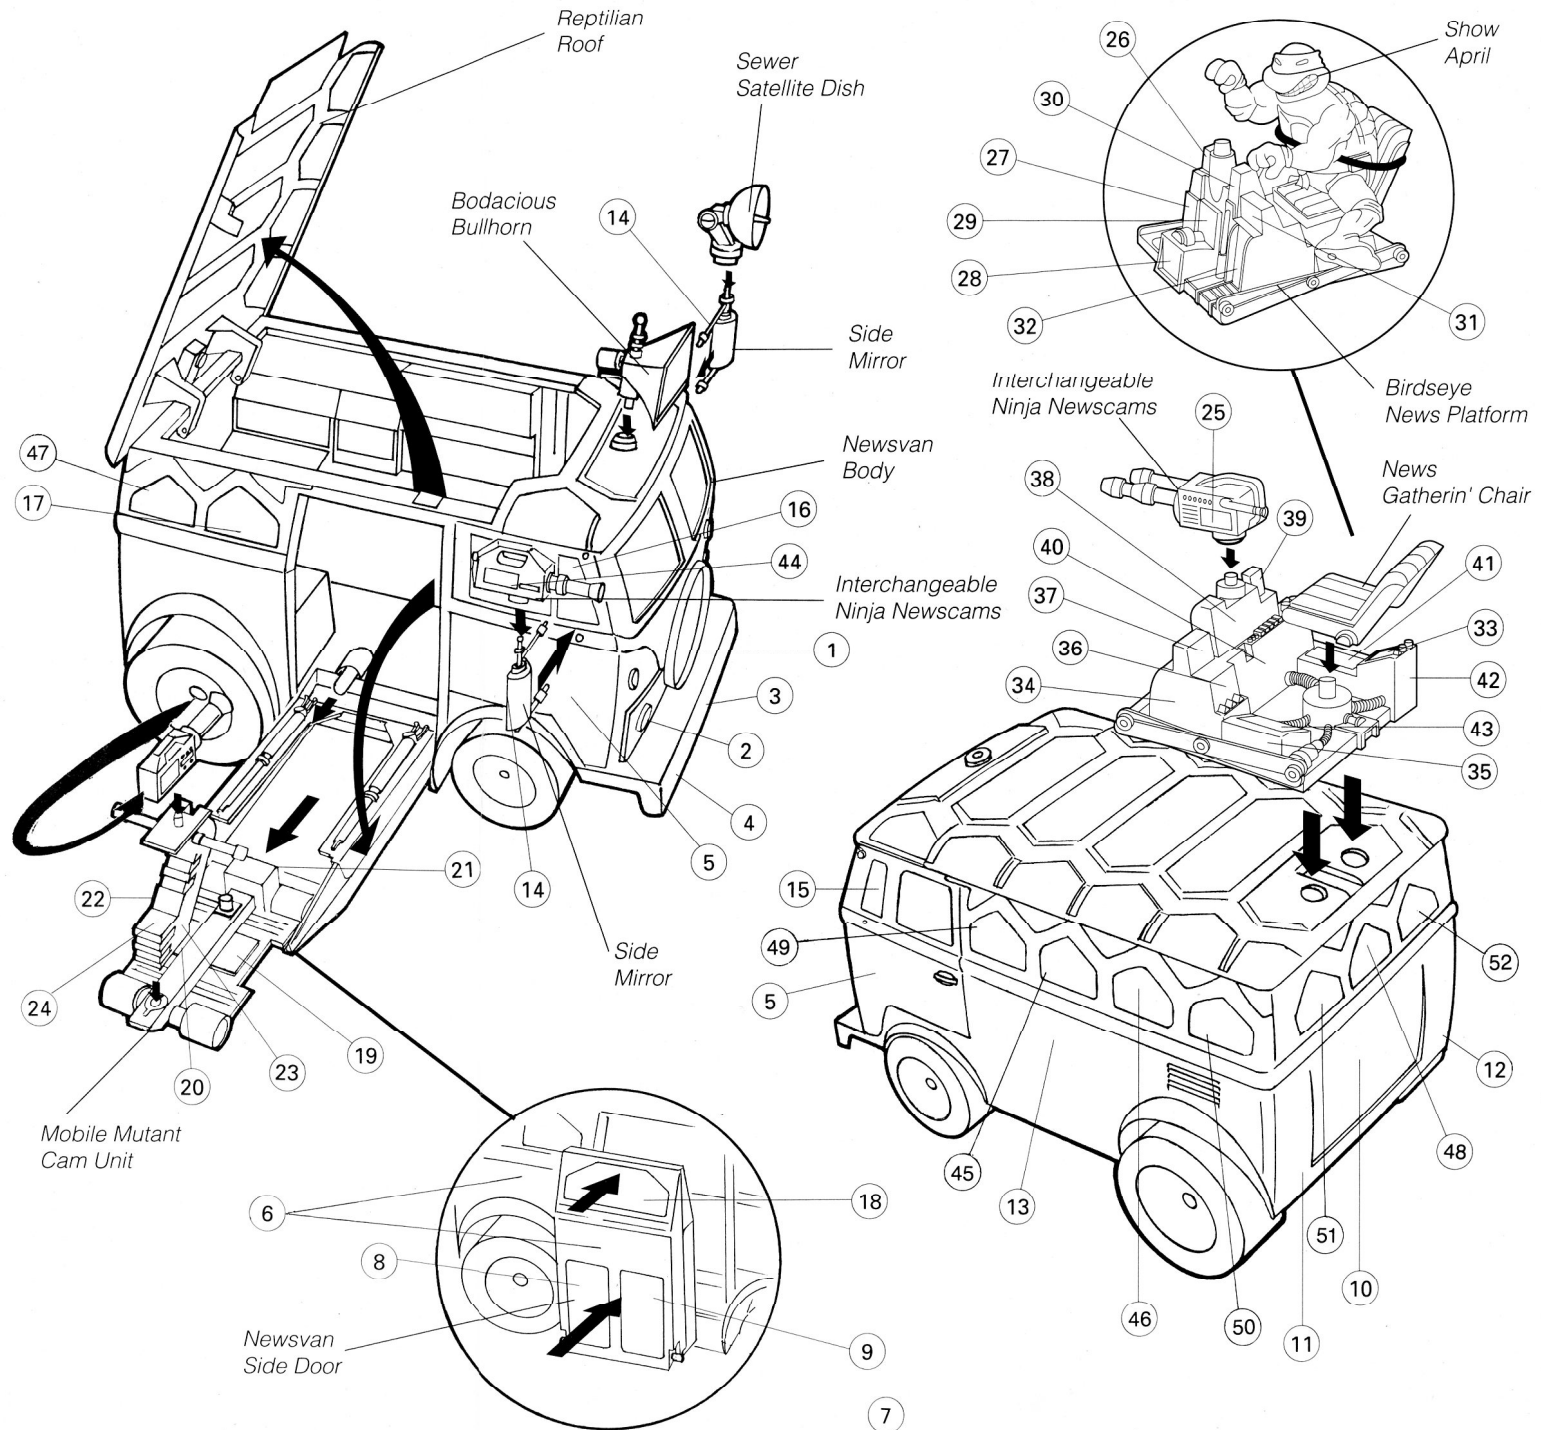

Assembly

- Snap the Newsvan side door into the side opening of the Newsvan body as indicated.
- Plug birdseye news platform to the top of the reptilian roof. Snap news gatherin' chair (the news gatherin' chair is interchangeable with the birdseye news platform and the mobile mutant cam unit) and 1 interchangeable ninja newscam to the birdseye news platform as shown.
- Snap 2 side mirrors to each side of the newsvan body (next to the passenger and driver windows). Plug the sewer satellite dish to the top of one side mirror, and 1 interchangeable ninja newscam to the top of the other side mirror.
- Snap the bodacious bullhorn to the top of the newsvan body as indicated.
- Place labels 1 — 52

Directions

For news-gatherin' fun:

- Place April O'Neil in the news-gatherin' chair (the news-gatherin' chair is interchangeable with the birdseye news platform and the mobile mutant cam unit). Push this free-wheelin' Newsvan through the city to search for mutant scoops.
- To activate the mobile mutant cam unit slide the cam unit into the rails on the inside of the newsvan side door. Close the side door and push down on the dolly. Then close the reptilian roof. Pull back on the birdseye news platform and out rolls the mobile mutant cam unit for late breakin' stories.
